PREFACE

This directory identifies individuals who hold important positions in the People's Republic of China. Information was drawn primarily from Chinese press releases received through 1 May 1988. Included are the earliest and latest dates specifically identifying individuals in their positions. (Some exceptions were made for high-level appointments announced between 1 and 13 May 1988.) The names of females are followed by the letter *f*. Also included are a table of contents and indexes to organizations and personalities, the latter with Standard Telegraphic Codes, when available. The orthography adopted is the Pinyin system for the romanization of Chinese characters. When romanized versions of Uyghur, Zang, and other minority names are known, they are used; otherwise the Chinese phonetics of those names are rendered in Pinyin.

This reference aid supersedes the *Directory of Chinese Officials and Organizations* (LDA 86-12513) published in November 1986.
